

False Pocket Pattern
Child size

1. Cut 4 pieces of fabric using the pattern.
2. With right sides together, sew around the edges, leaving the space between the dots open. Use a 3/8" seam allowance.
3. Turn fabric right side out. Press making sure the seam allowance of the opening is pressed inside the pocket .
4. Topstitch all the way around the pocket 1/8" from the edge.
5. Sew button hole according to the size of your button. The pattern has the location of the button hole on it but you will need to determine the length.
6. Pin false pocket onto back piece of your pants before they are assembled. Sew only across the top of the pocket so that it creates a flap.
7. Sew button onto pants.
